LPH-40M	40mm	100	10	20	10	75	52	M8X1.25	72	55	10	0.737

Materials: Aluminum, Clear Anodized Fasteners: Alloy Steel, Black Oxide

Lowest profile available Easy to customize

Significant weight saving **ROHS compliant**

The unique removable top design of this shaft support allows the user to easily remove the shafts, linear bearings and carriage without upsetting the position of the shaft support. This eliminates the need to reset the critical parallel alignment required in many linear shaft systems.

	<i>Easy-Access™</i> Shaft Supports	Common Shaft Supports
Available shaft diameters from 8mm to 40mm	\checkmark	\checkmark
Maintains alignment while servicing shafts and bearings	\checkmark	×
Customs available (bore size, bore shape, material)	\checkmark	×
Light Weight	\checkmark	×
Parallel and perpendicular surfaces for easy alignment	\checkmark	×
Superior shaft holding strength	\checkmark	×
Available in Low Profile and Standard footprint sizes	\checkmark	×
Lowest base to shaft height available	\checkmark	Х
